

## rescue-tec Bottle Bag, for Combi Carrying System

**Order number:** TA-05330

The rescue-tec bottle bag was specially developed as an accessory for the rescue-tec Combi Carrying System Wildfire. PET bottles up to 1.5 l can be stored in it and are quickly accessible during use.

- compatible with the Combi Carrying System - basic module
- attachment to the lap belt on the right or left
- suitable for PET bottles with a capacity of up to 1.5 l
- special snap fasteners prevent the bag from unintentionally opening or coming loose
- robust Cordura fabric

The rescue-tec bottle bag is a good addition, especially for longer missions such as forest fires or search and rescue missions. It has practical mesh material on the bottom, which ensures sufficient drying and prevents waterlogging.
