

Spill Bag 100, 100 l capacity

Order number: TH-01010

The spill bag is used to collect oil or other chemicals. It is just as easy to use, but has a considerably greater volume. The spill bag 100 raises itself during use so that all liquids are reliably collected.

- small packing dimensions
- self-sealing, therefore safe and problem-free use in any situation
- extremely light weight

material: 0.5 mm thick PE, extremely oil and chemical resistant

dimensions: 120 x 90 cm

capacity: 100 l

weight: 2.8 kg
