

Film for Car Windows, 60 cm wide, 50 m roll

Order number: TH-02100

This self-adhesive window film is ideal for assistance after accident. Stick the film on the window after that smash it (e. g. with a special glass punch). Now it is possible to put the window without problems out of the car. There are only a few splinters of glass and the risk of injury for patients and the rescue team is minimized.

To stick the film on the windows has to be dry.

length: 50 m

width: 60 cm
