

Sand Ramp, aluminium, 1500 x 400 mm

Order number: TH-02311

For driving on loose ground or freeing a stuck vehicle. Also perfect for ice, snow and mud.

Known from expeditions and rallies, the sand sheet also does a good job when used by the fire brigade. Several sheets can be connected to form a solid unit using the hooks on the side.

Meets the requirements of DIN 14555-T3.

material: aluminum

dimensions: 1500 x 400 mm

weight: approx. 4 kg
