

## Foldable Sorbent Dispenser Cart, capacity 65 l

**Order number:** TH-07110

This dispenser cart was especially designed for the needs of rescue forces. The special mechanics distributes oil binder even and only in forward moving. So the cart can be moved and transported without waste of oil binder. The output is infinitely variable.

- for all common oil binders (granulate, fibre, mineral, organic, etc.) up to 8 mm grain size
- special transmission for distribution only in forward movement
- height-adjustable handle 750-1300 mm
- foldable, space-saving storage
- fast and easy to use - no tools necessary!
