

PIG Drain Plug 140 / 184 mm, conical

Order number: TH-07563

The durable polyurethane drain plug creates a liquid-tight, chemical-resistant seal in seconds.

- ideal alternative to the permanent sealing of drainage channels
- thanks to its flat design, it fits under the duct cover
- after removing the plug, the drainage channel can be used normally again
- with metal eyebolt for easy removal

material: polyurethane

top Diameter: 184 mm

center diameter: 152 mm

bottom Diameter: 140 mm

height: 14 cm

weight: 3.6 kg
