

Sorb XT Binder, 50 liter Sachet

Order number: TH-07601

Highly efficient absorbents as universal solution to combat leakages.

SORBXT is a 100% organic binder that can be used on water, roads and all other surfaces in the event of damage. In a few seconds, almost 10 times its own weight is absorbed. Due to the low weight of the binder, handling is pleasantly easy and inexpensive disposal is a significant advantage compared to conventional binders. SORBXT has been tested for its effectiveness and in accordance with the usage classes Type I, II, III-R SF of the Federal Ministry for the Environment, Nature Conservation and Nuclear Safety.

- does not absorb water!
