

UK 3AA eLED CPO ES, front switch, incl. batteries

Order number: TL-01040

High-end technology from UK packed into an incredibly small, bright and lightweight helmet lamp. Equipped with special eLED and the revolutionary CPO and TRS technology. About three times the light output of the old UK 4AA Xenon and that with greatly reduced size and improved explosion protection. An electronic system keeps the luminosity at a constant level and ensures a bright beam of light over the entire burning time. The lamp is optionally equipped with rear or front switch.

- Service life of the eLED approx. 10,000 hrs.
- special optics for bundling the light beam "CPO (Compound Path Optics)
- special energy management "TRS (Thermal Recovery System)".
- 100% waterproof and dustproof
- front switch or rear switch depending on model
- electrically conductive, corrosion resistant
- EEx-tested (Ex) according to latest European (ATEX) standards

supplied with:
3 AA batteries

dimensions: 135 x 40 x 34 mm
lamp: LED
luminance: 110 lm
lumination time: 6-8 h
waterproof to 3 m
weight: 152 g
