A fire department flashlight with an impressive 350 lumen output, perfect for professional use.

This robust flashlight is approved for use in hazardous areas and meets the requirements for Zone 1 approval. Thanks to the adjustable beam angle, you can direct the light precisely. In addition, the light intensity can be adjusted in 4 levels - from 350 to 110 lumens or in flashing mode, depending on requirements and the situation. With a guaranteed 2.000 charging cycles per battery, you can be sure that your flashlight is always ready for use.
