

PETZL PIXA 1 Headlamp, headlamp with wide, uniform beam

Order number: TL-05050

The PIXA 1 is a robust headlight which makes a comfortable working in a close range possible.

CONSTANT LIGHTING technology: The luminosity does not decrease with slackening batteries. Depending on requirements the lamp can be worn on the head, mounted on a helmet or placed on the bottom.

- automatic switch to reserve mode when batteries are almost exhausted
- lockable rotary switch, easy to operate even with gloves on
- lamp body can be swiveled up to 45°
- easy and quick replacement of batteries possible
- high mechanical strength for all daily loads in a commercial environment
- transport position protects the glass and prevents accidental switch-on
- comfortable, adjustable headband can be easily removed for washing
- waterproof up to 1 m for 30 minutes (IP 67), no special care required after immersion
- resistant to various chemical substances (see www.petzl.com/PIXA)
- working at close range: 20 lm, 10 m luminous range during 16 hrs.
- locomotion: 60 lm, 15 m luminous range during 3,5 h
- reserve mode: 10 lm during 6,5 h

supplied with:

head band

adapter for mounting on a helmet without head band (such as HEROS-smart)

2 AA/LR6-batteries

Specifications

lamp: LED

luminance: max. 60 lm

luminous range: 15 m

light beam: wide

waterproof: IP67

more operation possibilities: Ni-MH and Lithium-batteries

weight: 160 g

ATEX: CE0080, Ex II 3 GD, Ex nAnL IIB T4
