

Origin Outdoors LED Flashlight Focus, 500 lumens

Order number: TL-07152

Powerful and robust torch with 500 lumens. The stepless focus can be easily adjusted by sliding the lamp head back and forth. This allows the light to be either diffused to illuminate a large area or focused on a small area.

The lamp is compact, fits comfortably in the hand and can be stored anywhere. It has 3 light levels as well as flashing light mode and SOS function. The lamp has a small opening at the base where a wrist strap can be attached. Via the micro-USB port, the 18650-Li-Ion battery can be charged directly from the lamp. Alternatively, the lamp can also be operated with 3 x AAA batteries (not chargeable!).

- stepless focus
- with wrist strap
- strobe mode and SOS function
