

PARALUX PX0 Helmet lamp, 120 lumens, ATEX Zone 0

Order number: TL-08010

The housing of this flashlight is made of XAG plastic material. This high-impedance conductive plastic ensures EX-protection according to ESD, EMI and RFI. The housing of the safety lamp is 100 % waterproof and dust-tight. To ensure safe and convenient one-hand operation, the flashlight comes with a rubberized rear switch to turn the lamp on and off. The lamphead of the safety lamp is also rubberized and fitted with an aluminium-coated reflector. The combination of high-class lamphead and strong LED lamp enables beam ranges of up to 150 meters.

- rubberized rear switch for one-hand operation
- 100% water- and dust-tight
- made of conductive plastic
- **compatible with almost all helmet mounts and with our PARASNAP**
