

PARASNAP® ULTRALUX Base Bullard right, assembly right, for Bullard H1500 / H3000

Order number: TL-08101

The PARASNAP Ultralux Base lamp holder system from PARAT impresses with its combination of magnetic connection and mechanical locking. The PARASNAP SNAP-IN1 (for PX0, PX1, X1) is also required to attach a corresponding safety light from PARAT. The PARASNAP Ultralux Pro Base consists of robust polyamide PA 66. It is extremely heat-resistant and durable.

- compatible with Bullard H1500 and H3000 models

material: glass fiber reinforced polyamide PA 66

dimensions: approx. 75 x 42 x 35 mm

weight: 30 g

EN 443:2008
