

Glas Master Rescue Tool 1

Order number: TO-01200

This universal gravity knife has been developed on the basis of the well-tried paratrooper knife. The grip is almost unbreakable and can even withstand being driven over by a car. This knife is the optimum choice due to the integration of all fire brigade-specific requirements.

- one-handed operation (blade falls out of handle when thumb opener is operated)
- stainless, lockable and replaceable blade
- super-sharp 1/2 serrated edge
- suspension eye
- marlin spike (for loosening knots etc.)
- non-slip, extremely durable, acid and temperature resistant plastic handle
- window breaker
- capsule lifter
- made in Solingen

length: 22.4 cm (open), 13.7 (closed)

weight: 200 g
