

## rescue-tec Rescue Knife serrated edge, belt cutter and window breaker

**Order number:** TO-01250

The striking color of this rescue knife ensures good recognition, especially in emergency situations in poor lighting conditions. The strong serrated blade of the 440 stainless steel blade allows effortless cutting of ropes or a belt. The rounded tip prevents injuries. The ergonomic handle with G10 shells contains another separate belt cutter as well as a robust punch. The knife can either be carried by a clip on the belt or waistband, or it can be safely stored in the enclosed nylon case.
