

Ceiling Hook with Nupla Glass Fibre Handle, length 183 cm, with D-handle

Order number: TO-03310

The specially shaped ceiling hooks with NUPLA handle are similar to the German ceiling hooks, but have significant benefits during use. They are considerably lighter yet sturdy and resistant to moisture and wetness, and also to temperature fluctuations. The NUPLA handle also insulates extremely well. These properties have made it a standard for the fire brigades in the USA.

- feather light but yet extremely stable
- sturdy, forged hook parts
- choice of two handle shapes

Advantages of Nupla fiberglass handles:

- optimum strength-to-weight ratio
- excellent dielectric properties
- reduced transfer of vibrations
- anti-static
- does not conduct heat/cold
- life span up to 40x longer than wooden handles
- does not absorb moisture
- insulation over 20.000V
- fire retardant

length: 183 cm

weight: 3.2 kg
