

Inteletool Glass Fibre Handle Telescopic

Order number: TO-03340

The telescopic handles with changing system offer maximum flexibility. The handles can be stowed away to save space and can be extended to the correct length when needed.

Thanks to the numerous tool heads, a whole range of tools can be stowed away in the smallest of spaces so that they are ready for any action.

Glass fiber reinforced plastic basically offers a high degree of protection against electrical and thermal hazards. The telescopic function works with a double safety system. The handle can be locked in any length with a quarter turn (twist lock). In addition, the handle is secured with the collar ring.

material: glass fiber reinforced plastic

sizes: 0.61-1.22m (S), 1.22-2.44m (M), 2.44-4.88m (L)
