

VLITEX Fire Barrier Blanket Premium M, 6 x 8 m for vehicles

Order number: VB-01040

The VLITEX Auto Extinguishing Blanket Premium M is suitable for all those who regularly have to deal with fires, it was specially developed for use with lithium-ion fires.

The special glass fiber fabric with the particularly dense silicone coating withstands temperatures of up to 1,000°C over a longer period of time, and even 1,300°C at peak temperatures.

Used as an extinguishing blanket, it reliably and quickly smothers conventional fires.

It keeps an E-fire under the blanket, minimizing damage to the surrounding area.

- can be used several times - depending on the fire load
- no maintenance required
- weatherproof, the material does not corrode

material: 560 g/m² special glass fiber fabric with silicone coating on both sides - acid and chemical resistant

dimensions: 6 x 8 m

weight: 27 kg
