

VLITEX Fire protection ceiling, 1,20 x 1,80 m

Order number: VB-01050

Lithium-ion accumulators and batteries have become indispensable in industry, yet they pose a great danger. Protect yourself from major damage caused by fire and smoke with the fire blanket.

The blanket made of Vlitex special fiberglass fabric, coated with silicone, is ideally suited for forklift, pallet and lattice box fires.

Dimensions: 1.20 m x 1.80 m
