

WRS Life jacket RESCUE WRAP

Order number: WR-01021

Water rescue vest with easy-to-use, newly developed entry system for a perfect fit. For even safer use, the lifejacket is equipped with a quick-release buckle, which can be quickly and safely released in an emergency. The user wraps the outer front panel over the inner one, secures the wrap connection with two side buckles, a rescue strap, a whistle clip and a side waist buckle. Removable 40mm leg loops can be attached for an even more secure fit.

- Whistle clip, always at hand
- D-rings for cowtail
- Front knife pocket, radio pocket, equipment pocket and pocket for gloves with sturdy metal zippers
- Fleece strip 300x100 mm for an identification plate
- Plastic clip for shoulder with elastic loop for a light stick
- front and back tabs for attaching glow sticks
- removable and adjustable leg loops for a better fit of the vest
- quick release for safe detachment in case of emergency
