

HAIX PROTECTOR Light 2.1, cut level 2

Order number: WW-01051

HAIX PROTECTOR Light 2.1, the professional for the forest sector with cut protection class 2 (24 m / sec.)

Upper Material

Oiled nubuck leather, hydrophobic, breathable, 2.2 - 2.4 mm thick

Inner lining

High quality leather lining

Fleece insole

Moisture absorbing fleece insole

Insole

Anatomically shaped insole with very good moisture absorption and fast drying, washable drying, replaceable and washable

HAIX Protective sole

Metal-free penetration protection against the penetration of sharp objects

HAIX Composite toe cap

Anatomically shaped, lightweight protective toe cap in wide design made of fiber-reinforced plastic for highest safety requirements

Sole

Rubber/PU sole with robust street/terrain tread, increased rolling comfort, abrasion-resistant and non-slip - even in cold conditions. The PU cushioning wedge with its low weight, provides excellent running characteristics. Very good insulation against cold. The outsole is heat and fuel resistant and non-marking.

HAIX FP System

Flex Protection - leather reinforcement over the heel flexion, which protects this flexible and soft insert of the flexion zone from friction

**HAIX Climate System**

HAIX Climate System uses the pumping movement that occurs when walking and transports moisture to the ventilation openings on the shaft and tongue

Other

High quality lightweight lacing elements, clamping hooks, integrated heel bend, no side seams, TPU overcap, antistatic

sizes: UK 3.5 - 13.5, EU 36 - 49

Oversize surcharge from size: UK 12.5 / EU 48
